TRANSPORTATION.

1854.

52 Miles Shortest Route to Niagara Falls.

Only 18½ Hours to Buffalo and Niagara Falls FROM CHICAGO, AND

25½ Running Time from Milwaukee.

Only One Change of Cars and Baggage Over the New Short Route, via.

MICHIGAN CENTRAL RAILROAD,

CANADA BROAD GUAGE RAILWAYS,

STEAMERS ON LAKE ERIE,

In connection with the New York Central, New York and Erie, Buffalo and New York City, and Hamburg and Niagara Falls Railroads, to

New York, Boston, & all Eastern Thoroughfares from Buffalo & Niagara Falls.

Four Daily Trains Leave Chicago

1st. Cincinnati Express, at 5 A. M., via. New Albany and Salem Railroad, through in 15 hours.

2d. Express, at 9.05 A. M., connecting at Detroit with the Canada Railways, arriving at Niagara Falls and Buffalo next morning in time for the early Train East.

3d. Steamboat Express, at 1.20, 30 M., connecting at Detroit with the North Shore Steamers, arriving in Buffalo next afternoon in time for the 5 P. M. Train, arriving in New York next morning. Connecting also with steamers for Cleveland and the different lines of Railroads from there next morning to Pittsburgh, Philadelphia, &c.

4th. Express, at 7.15 P. M., connecting with Canada Railways, arriving at Niagara Falls and Buffalo next afternoon, and New York next morning. Connecting also with steamers for Sandusky.

Only one Train Sundays—7.15 P. M.

The New and Mammoth Low Pressure Steamers

WESTERN WORLD, C. C. STANARD, Master, leaves Detroit Tuesdays and Fridays.

PILYMOUTH ROCK, G. E. WELCOMBY, Master, leaves Detroit, Wednesdays and Saturdays.

MAYFLOWER, T. T. HUDSON, Master, leaves Detroit, Mondays and Thursdays.

On the arrival of the Chicago Express, at 10.15 P. M., going DIRECT THROUGH without Landing, via. North Shore, arriving in Buffalo in time for the 5 P. M. Train, and New York next morning at 9.15.

The two new steamers were built this season at an expense of over *half a million of dollars*, and have no *equal in the world*, in every respect. Their capacity excels any steamers afloat, having 700 State Rooms, with Double Beds, and can accommodate 850 persons with Berths.

Passengers purchasing through Tickets by Railroad all the way, can change them at Detroit and go by steamer; so also, those purchasing Tickets by steamer, can exchange and go by Railroad.

Baggage checked through from Chicago to Albany and New York, and no extra charge for handling, and no exchange of Checks, as by the Lake Shore Road via. *Erie and Harbor Creek.*

☞ Tickets good for 90 Days, allowing Passengers to stop over on the Route.

Two Boats a Day from Milwaukee.

Two of Capt. Clement's splendid Low Pressure Steamers leave Milwaukee Daily, in connection with the above route, on the arrival of the Carsfrom Madison and Janesville.

Morning Boat leaves at ..... 9.00 A. M.

Evening Boat leaves at ..... 9.30 P. M.

☞ For particulars and purchase Through Tickets by the GREAT CENTRAL ROUTE, of the different Agents North and West.

☞ For Tickets apply on board Clement's Line of Steamers, or W. W. Wilson at the Cars.

R. N. RICE, Superintendent.

W. F. TIBBITS, Travelling Agent, Wis. aug2

NEW ROUTE TO THE EAST.

THE

Great Western Railway of Canada

IS NOW OPEN FROM

DETROIT TO NIAGARA FALLS!

FORMING THE LAST LINK OF THE

GREAT CENTRAL ROUTE!

BETWEEN

Chicago, New York and Boston,

Being the Shortest, Quickest and Cheapest Route East!

Only One Change of Cars Between Chicago and Niagara Falls.

DAY EXPRESS leaves Detroit, daily (Sundays excepted,) at ..... 9.00 A. M.

Connecting at Niagara Falls with the New York Central Evening Express, arriving in New York next morning.

ACCOMMODATION leaves Detroit daily (Sundays excepted) at ..... 1.30 P. M.

EVENING EXPRESS leaves Detroit daily, at ..... 5.30 P. M.

Connecting at Niagara Falls with the New York Central Morning Lightning Express, arriving in New York the same evening.

☞ Through from Detroit to Niagara Falls in 8½ hours.

☞ Through from Detroit to New York in 24 hours.

☞ Passengers leaving Chicago or Detroit in the morning arrive at Buffalo the same evening.

Through from Chicago to New York in 34 hours

The Great Western Railway also connects at Niagara Falls with the Canandaigua and Niagara Falls branch of the New York & Erie R. R. and the Buffalo with the Buffalo and New York City Branch New York & Erie R. R. a variety of connections East unequalled by any other route.

Baggage Checked through to Niagara Falls, Buffalo, Albany, or New York.

This route offers great inducements to travelers, by the great distance saved, over any other route.

THE GREAT WESTERN RAILWAY passes through the most interesting and highly cultivated portion of Canada, affording a variety of scenery, of unsurpassed beauty and grandeur, including the two greatest wonders of the world—the Falls of Niagara, and the Railway Suspension over Niagara River.

For through tickets, apply at the office of the Michigan Central Railroad, opposite the United States Hotel, next door to the American Express Co's Office, Huron Street, Milwaukee, or at their Offices at Janesville, Madison and along shore.

FREE TRADE LINE!

NO MONOPOLY.

THE following first class Propellers will form a line semi weekly, (in opposition to the two lines called the Despatch and Propeller's line) for the transportation of freight and Passengers to and from Buffalo Chicago and Milwaukee and intermediate ports, immediately on the opening of navigation.

Western Merchants will find it largely to their interest to call on this Line before making contracts for transportation elsewhere, as their rates will be reduced.

Leaving their dock foot of Michigan Street Buffalo, every Wednesday and Saturday evenings.

The Two Cent Mail and the Night Express

News of the Morning

[illegible] week's later, the Lemington arrived yesterday. An [illegible] act of the intelligence she brings will be [illegible] through head. We have also [illegible] by land [illegible] from Santa Fe Illinois and California, which [illegible] of interest from each. Our Detroit [illegible] contains [illegible] details of the recent excessive and [illegible] and the dangers of our [illegible] legislature.

Election of U. S. Senator.

[illegible] the House of Representatives proceeded to vote on Monday [illegible] First Convention at 11 o'clock [illegible] Mr. [illegible] proceeded to call the U. S. Senator the Senate having taken [illegible] thereupon on the subject and [illegible] to the first ballot for the [illegible] of the Republican Members [illegible] and the increased chance [illegible] prompted the sudden change of [illegible] however that our Representatives in the Assembly did not balk [illegible] in general Convention.

[illegible] influenced the result of [illegible] the speculations are plenty [illegible] very vague. We hope for [illegible] that his friends reached Madison [illegible]

[illegible] Trains Two Mails.—The Pacific Train left Madison, Monday, on the Milwaukee & Rock River Railroad at the usual hour, the same day [illegible] all yesterday at Hollock having [illegible] 30 hours on the way [illegible] through [illegible] owing to the [illegible] to ask for help. The train [illegible] Monday morning was more [illegible] than [illegible] which [illegible] at 2 P M. The [illegible] left yesterday—had no [illegible] when we went to press. To day, the Mail will be comparatively clear and the [illegible] will run on their time again. Two [illegible] trains are out since Saturday.

[illegible] Mail since Sunday morning. [illegible] Rock Island Railroad between Chicago [illegible] We are being blocked up with snow [illegible]

[illegible] Governor of Racine County arrived in this city last night, on his way to Madison. He informs us that he would have been at Madison [illegible] money could have procured him. But the snow was [illegible] so difficult that no one [illegible] Mr. Cavanaugh that before [illegible] off with a democrat on the [illegible] question.

[illegible] Milwaukee R. R.—The third [illegible] (Fifty Directors of this Company) [illegible] with the Report of the Chief Engineer, [illegible] columns this morning, and [illegible] to the attention of our readers.

Death of Joseph Kerr, Esq.

Among the items not noted in the Obituary in [illegible] Sentinel is that of Joseph Kerr, [illegible] Corners. It [illegible] for a number of years, to have an intimate acquaintance with [illegible] and among all those [illegible] thrown in our course, among all those with whom social intercourse had made [illegible] familiar in whose death we record with [illegible] and [illegible] worth we remember with pleasure and sympathy and [illegible] kind and affectionate parent, a good friend, [illegible] Mr. Kerr had represented [illegible] Legislature, giving unlimited [illegible] to the instincts of the moment [illegible] the eye of his neighbors, if the [illegible] naturally, he had often [illegible] whether in the Legislature, [illegible] laws by votes he followed—or [illegible] humble station of Supervisor [illegible] &c. all were satisfied and [illegible] and confidence in his integrity [illegible] all high moral principles. His [illegible] was ever ready exerted for the good of the [illegible] community no man's opinion had more weight, [illegible] of the universal respect and regard [illegible] town and [illegible] of his chosen residence [illegible] better example for the [illegible] or better [illegible] Those living in his immediate [illegible] with so often shared his hospitality [illegible] and kind counsel sought his advice who [illegible] of the happy family circle of which [illegible] and the mirror of its joys will [illegible] with unfeigned sympathise with the [illegible] stricken widow and with that consolation [illegible] freely offered to us in our sorrow [illegible] with [illegible] in pathetic kind [illegible] offers us [illegible] to stanch [illegible] heart. The high character he [illegible] Columbia County [illegible] [illegible] report of to-day's [illegible] [illegible] Court will have brought [illegible]

Fancy Goods.—Arrowsmith's [illegible] are now [illegible] to us from [illegible] the only agent of Columbia Co. it [illegible] published daily Martin & Taylor and it [illegible] the cause and principles of the Republican party. The [illegible] Republican is [illegible] the [illegible] of the Republican Journal [illegible]

[illegible] Mail.—It will be seen by a [illegible] that [illegible] Madison [illegible] the Mail Agent [illegible] by the premature [illegible] stage on a route on which he was [illegible] and by which he lost both time [illegible] and baggage [illegible] Horses, leaves him [illegible] help [illegible] We have some [illegible] wrong with his mouth in our office [illegible] section [illegible] many of them their hand [illegible] Mr. [illegible] his father-in-law [illegible] are both [illegible] We [illegible] he [illegible] will [illegible] Janesville. We [illegible] will [illegible] and we trust every [illegible] subscribing [illegible] and we trust every [illegible] to whom he may apply will have their [illegible] and a half ready for him.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan'y 27, '55

Our Supreme Court this morning granted the writs of Habeas Corpus applied for yesterday by the counsel of Messrs Booth and Ryecraft—The writs are directed both to Sheriff Conover and Marshal Ableman The Court is unanimous in granting the writs Judge Whiton (Chief Justice) stated that he might give his opinion at a future time Judge Smith said that he does not regard the Fugitive Act as constitutional, and therefore does not think any offence can be committed under it Judge Crawford said that even granting the law constitutional, no crime under it is charged in the indictment I was not present when the writs were granted, but understand that the above is the substance of the remarks made No written opinion was given

We shall soon now what we shall see Great anxiety is exhibited to learn the sequel

The Senate did nothing this morning At 10 o'clock the democrats were all absent in caucus somewhere and there being but 9 Senators present no quorum there was an adjournment over till Monday Perhaps it would have been better to adjourn for a short time, but I did not hear it suggested

In Assembly Judge Vila moved to amend the Journal so that it would show nothing of the fun about the Senator's board-bills, stating that the clerk in the Senate had kept the matter out of that Journal Mr Hull thought that it will scarcely be advisable to mutilate the records in that manner and moved a reconsideration of the Assembly's Amendment of yesterday, which was done, and the bill placed in the same position as when it came from the Senate, the Assembly refusing then to concur in providing the board bills at all

A communication from the Superintendent of Public Property was received, covering his accounts for stationery, with a claim of $80 20 exceeded over the appropriation of $2000—the vouchers accompanying

Petitions were presented

By Mr Davis, for a state road

By Mr Talbey, the account of Racine Circuit Clerk

By Mr P H Smith a large number for a road on the Town Co. Seat

By Mr Schwabl memorial for a mail route Resolutions

By Mr Parker, calling for a select committee to report as the expediency of a general railroad law—adopted

By Mr Love, (Joint) to go into joint ballot on Wednesday, that at 2 P M for election of U. S. Senator—was laid over, the rules prohibiting debate on Fridays and Saturdays

Bills introduced

By Mr Williston changing name of plat of Milwaukee

By Mr Williston charter of Afton Manufacturing Co.

By Mr Sherman for relief of J H Williams

By Mr W R Taylor to repeal sec 10 and amend sec 20 of chap 89 R S.

By Mr Talbey to amend chapter 120 R S

Mr Gary, from the select committee to whom was referred the memorial of Prof Daniels, made a report which, in justice to the Professor, ought to be widely circulated It takes issue on the questions whether the removal of the late State Geologist was legal and whether his claim to his salary for the year is just, maintaining the affirmative of the latter, and the negative of the former. The point as to the want of power on the part of the Governor to remove an officer appointed, under such a law as the one in regard to the State Geologist, to perform a specific service is contested with conclusive ability His Excellency having been driven to assign incompetency as a reason for removing Prof Daniels, the Committee present an army of testimony from the best known Geologists of the country to the Professor's ability, which ought to make the Governor's ears tingle with shame at having allowed himself to assign such a reason for the removal

The Committee reported a bill to pay Prof D $300 00 being the balance due on his salary for the year, he having been thrown out of employment late in the season after he had incurred liabilities in the course of his duties Mr Tarrant stated that he was not sure that he concurred with the remarks of the committee as to the question of the right of the Governor to remove the officer but he did agree with them as to the competency of that officer for his duties, and regretted his removal The bill and report went to the Judiciary committee

After reports from the committees sundry bills were passed, the titles of which I have sent.

Mr P H Smith called up the joint resolution of suspend work upon the Lunatic Asylum, and moved its adoption. Mr Stevens, (who, as much as anybody, seems to represent the 'Balance' in the Assembly,) wished to know what it would be the effect of this resolution—whether it could stop work under the contract He said that he must regard it as 'a piece of tomfoolery,' and supremely ridiculous" He wanted information as to the expediency of the resolution

Here the question was raised that the resolution gives rise to debate must lie over Mr Bennett, desirous of giving an opportunity for the public to learn why the resolution was [illegible] moved to suspend the rule prohibiting debate whereupon it was remarkable to see that the Democrats generally did not desire the infringement since they voted not to suspend the rules, as there were not two thirds in favor

After a short session in Com of the Whole on other bills were ordered engrossed, and the Assembly adjourned

I am mistaken in stating that the bill abolishing the Emigrant Agency, which passed the Senate was the Assembly bill It was an original bill in the Senate, and was immediately taken in the Assembly yesterday there being no opposition The Assembly bill had not been acted in Senate and will doubtless be tabled when it comes up

The snow is coming down in large flakes and in abundance of them, but falling softly on the earth not a breath of wind disturbing their progress There are cars from Milwaukee worked through by midnight last night, and were here in good season to day

It is said that there is a growing disposition on the part of the "democrats" to come to terms, and get to go into Joint Ballot but if they do, it will probably be when they find a greater number of the Republicans absent than of their own men By the bye I hear to night a new reason why the democrats fear to come into Convention which is, that they are terribly afraid that they shall elect somebody whom they cannot trust! It needn't be bad excuse, that.

W H W

Madison, July 29, 1854

Sundry notes of the Oshkosh City Bank have at length been protested and the Comptroller gives notice that he will sell the securities at the Merchants' Exchange in New York, on the 12th of March The securities are as follows $2,000 North Carolina 6 per cents, $15 000 Virginia 6s $10 000 Missouri 6s all with coupons attached

In Senate this morning, the select committee on the State Prison was announced, Mr Bowen chairman

Bills were introduced

By Mr Bashford authorizing Winnebago Co to borrow money

A bill, charter of Young Men's Institute Portage City

Sutherland and Cobb members for State road.

Resolution by Mr Cobb—of inquiry concerning a bill providing fees for clerks in chancery cases

Judge Dunn, from Judiciary Committee, reported adverse to bill for quieting tax titles.

Bills passed

Extending time of collecting taxes in Wauwatosa

Providing for a new assessment in the town of Berlin

The Joint resolution from Assembly, laid on the table for this session concerning Joint Convention for U. S. Senator was taken up A spirited debate ensued—the Republican members feeling and their opponents were determined to take a snap judgment upon them, having found several of their number absent Motions to fix Wednesday as the day, and Tuesday at 3 P. M, were voted down, the majority insisting upon taking an hour when, in all probability, all of the members cannot be here, and they finally fixed upon Tuesday, at 11 A M, as the hour *The Republicans all voted for the resolution at last*

Of the Senators Messrs Clement, Giles and Worthington (all Republicans) are absent—the first expected back to morrow evening, the second sick at Stoughton, the third expected to-morrow noon. Of the members of *Assembly*, Messrs. Goodall and Goodrich (Rep) are absent, but expected by the train due at noon to day, but not yet (6 P M) arrived Mr Kirkpatrick, it was feared, would be absent, but he has arrived from home It is understood that Mr Falvey (dem) of Racine, has agreed to pair off with Mr Clement Mr Martin (rad dem) is sick and has not been in his seat for several days Mr Rogan (dem) is expected to night

The pinning question (*documents in foreign* languages) came up, but no conclusion reached—the Senate adjourning pending a call of the Senate

In Assembly, the prayer was made by Rev. Mr Miller the Baptist clergyman, who prayed that the Supreme Court might be guided aright in the present crisis, and that in case their consciences should lead them to look beyond human enactments, they might have the aid of the Great Lawgiver, and look to the "higher law"

The following select committee on the subject of a general rail road law, was announced Messrs. Parker, Barns, O'Neil, Davis and Cary

Mr Welch presented the account of D Holt.

" Randall, a petition concerning banking

Resolutions were introduced

By Mr Stevens, calling on the Governor for his reasons for removing Prof. Daniels Adopted

By Mr Howard, calling for items of expenditures by Lunatic Asylum Comrs, and of any appointments have been made

By Mr Holt, requesting the clergymen to eschew politics in their prayers Mr Randall moved to postpone indefinitely Carried 37 to 35

By Mr Rose, offering a reward of $250 for the conviction of persons stealing from the Assembly Hall—Adopted

Bills were introduced

By Mr Vliet charter of Milwaukee Gymnastic society—*passed*

By Mr Virgin, amending sec. 70, chapter 16, Revised Statutes

By Mr Whitty, charter of Portage City and Newport Plankroad Co.

The committees reported back sundry bills—among them a Railroad charter from the Committee on Incorporations, with a proviso looking to a general Railroad law (It is much to be regretted that the report of this committee against special legislation has not been sustained Under the Constitution, the Legislature has no right to pass any special charter for *anything* which *can be* provided for by general laws, yet every Legislature has passed, does pass, and I fear *will* pass just such charters)

Bills passed

To add School District No 1 in Hazle Green to raise money

Charter of Salem Academy.

do Janesville Collegiate Institute

State road from Richland City to Newport

Two other state road bills.

Appropriating $19 00 to N M Sayles.

Repealing the law organizing Ozaukee County for judicial purposes

In committee of the whole the file was read through and the bills variously disposed On motion of Mr O'Neill, the bill providing for taking the census was referred to a select committee

On motion of Mr Colley, the joint resolution introduced a day or two since to go into joint Convention on Wednesday, was taken up Mr Hull moved to postpone it indefinitely. Mr. Vila was very anxious to know whether it was true as rumored, that the Senate had passed a resolution of that kind—if so, he thought proper not to waste time, which was so important!—(Wasn't that cool!!) Mr Stevens moved to lay the resolution on the table.

The call of the roll had hardly been made, when a *Message from the Senate* announced the resolution to go into Joint Convention on Tuesday at 11 A M The motion to lay upon the table failed—35 to 42 Mr Earnest now moved to take up the Senate Message, which was declared *out of order*, as Mr Hull's motion was pending

Mr Hull arose and withdrew his motion, whereupon Mr Parker renewed it, and then came a long discussion of a point of order, as to whether or not Mr Earnest had the floor, when Mr Parker's motion was made Pending this, Mr Gary moved to adjourn to 2 P M, which was carried

During the interval, a consultation was held by the Republican members, informally, and it was *agreed to concur* with the Senate, in spite of the existing unfavorable circumstances, rather than to give that body a chance to postpone the election again and it was determined to use every effort to get the absentees here Owing to the storm and detention of the cars, the hope of reaching Mr Clement is gone, though we may, possibly, get all of the other absentees.

At 2 P M, accordingly, the Assembly met, and concurred in the Senate amendment, fixing the time at 11 A M to-morrow.

Mr Gunn's resolutions of instruction—the special order—were then taken up, and a brief wrangle ensued, which was terminated by an early adjournment, the times being too ticklish to touch any very important question

So here we are, anxiously awaiting the morrow The "democrats" are *holding a caucus* to-night, and there is some rumor of their being disposed to nominate Senator Wakely

My own opinion is that there will be no choice to-morrow, unless the number of ballots shall be large W. H. W.

THE WRIT OF HABEAS CORPUS GRANTED —*Man Hunting not a Duty in Wisconsin* — Justice, however far she may have fled from some tribunals, has not been banished from our State Courts Our Supreme Court, as we have all along believed it would do when the proper exigency should arise, has granted the writ of Habeas Corpus in accordance with the application of Messrs Booth and Ryecraft now imprisoned in Milwaukee under the provisions of the Fugitive Slave Act The Court was unanimous in this decision

On announcing the decision of the Court last Saturday, Chief Justice Whiton remarked that they had decided to grant the prayer of the petitioners, and that the grounds for his decision would be given in his opinion after the trial—Justice Crawford, who dissented from the decision declaring the Fugitive Slave Act unconstitutional, pronounced last summer, said that *assuming* that Act to be constitutional, the petitioners were entitled to a writ of Habeas Corpus *since no crime* was alleged in the Indictment under which they were convicted Justice Smith took a still more decided stand and declared the Fugitive Slave Act unconstitutional and therefore void, and that no indictment could by under it

Thus it seems that the Supreme Court does not falter, and that no trafficker in men need come to the Free State of Wisconsin to collect to reclaim his fugitive *human chattels* under the Act of 1850 When an impersonation of high born southern aristocracy comes along, and tells us that such a man is his property, that he has neglected to bring his bloodhounds with him, or did not think it essential since the passage of the act referred to, and that we must supply the deficiency by hunting the fugitive ourselves, we can reply "Is thy servant a dog to do this thing?" and in fact can plumply refuse without rendering ourselves liable to either fine or imprisonment. Thus a great privilege in the land of the free and the home of the brave" It is not enjoyed in many States, and for it we are indebted to a fearless, independent, high toned Supreme Bench All honor to our Supreme Court Its course will receive not only the warm approbation of the people of this State but of every liberty loving citizen of the nation —*Madison Journal*

From Washington.

Washington, Jan. 24.

Several of the army officers, now in Washington, have been ordered to join their regiments forthwith This looks as if Secretary Davis anticipated serious trouble with the Indians during the coming spring and summer.

Letters have been received in this city which remove any immediate apprehension in regard to the health of Judge Mason.

The Pacific Railroad bill is, to all intents and purposes dead and buried, although not beyond the reach of the resurrectionary heads of the next Congress and unless something is speedily done, the Texas and French spoliation bills will soon be sleeping side by side with the great railroad project. There are only thirty-two working days left of the present Congress.

Report of the Board of Directors.

The lapse of a year fraught with financial revolutions and incidents like that which has just closed, is, of itself, sufficient to render interesting a statement of the condition of any railroad enterprise It is with pleasure, therefore, that the Directors of the La Crosse and Milwaukee Railroad Company, submit this, their Third Annual Report to the Stockholders

Immediately after the meeting of stockholders and election of the present Board of Directors in February last, terms of consolidation of the Milwaukee, Fond du Lac and Green Bay Railroad Company with this Company, were agreed upon by the respective Boards of Directors of the two Companies, which, in pursuance of a special act of the Legislature were fully ratified on the 11th of March following

It was enacted that this company, under it original title, should represent and embrace all the interests of both companies, the united capital stock of which is Six Millions and Eight Hundred Thousand Dollars

The number of full paid shares of capital stock brought in by the M, Fond du Lac, and G B Company, was eleven hundred and forty five, amounting to $114 500 The number of subscribed shares eight hundred and forty-seven on which installments had been paid, amounting to $8 786 69.

Terms to the amount of $40 000, had been mortgaged into that company, of which $31,600 had been sold, and $9 000 hypothecated.

By the terms of consolidation, this Company was required to relinquish these mortgages to the grantors, and also to refund cash installments upon stock received from subscribers in Washington and Fond du Lac counties, all of which has been performed on the part of this company, to the entire satisfaction of all parties concerned

By the act of consolidation of the two companies, the construction of eighteen miles of the road, commenced at the Second Ward in the city of Milwaukee, which had been assumed by the M, F du L & G B R R Co, reverted to this company bringing with it the contract with Messrs Cooke & Sherwin for the same, which, on being fulfilled with its collateral and incidental contingencies, has involved an outlay of means greater than had been anticipated

According to the estimate of the Chief Engineer upon this contract, a *settlement has been agreed* to with Messrs Cooke & Sherwin for work done *and materials furnished* under their contract, amounting to $311,752 00

For work and materials on the line west of sec 18, and for Iron Rails, Depot Grounds Buildings, Docks, Right, of Way, Fencing, Engineering, Salaries, Interest Discount and Commissions, and all other contingent expenses, from commencement of Company's operations, there has been expended 714 939 5

Total, $1,026,683 5

The *sources* whence the means for the foregoing disbursements have been derived are the following viz.

Bonds and farm mortgages of stockholders,	$617 000 00
Full-paid shares of capital stock,	271,800 00
Installments of subscribed shares,	65 696 1
Total capital paid in,	$360,496 1
Bonds of the city of Milwaukee,	314,000 00
Sundry liabilities to mature in 1855, 1856, 1857 and 1858, a part of which is payable in the capital stock of this company	147,144 30
Sundry profits realized, rents collected, &c	1 546 15
Total	$1,123,187 23
Which, after deducting disbursements as stated	1,026 683 35
Leaves a bal of resources for future operations of	$396,503 38

In addition to the above, we retain the entire issue of the first mortgage bonds of the Company, to the amount of $10,000 per mile on ninety five miles of the road of this Company, being that portion of the same which lies between Milwaukee and Portage City, on the Wisconsin river, amounting to the sum of 950,000 00

Which, added to the above amount, makes a total sum of $1,346 503 38

There have been subscribed to the capital stock of this Company 11,396 shares, of which are fully paid 8 908 shares leaving 2 488 shares on which there has been called 30 per cent, and which are expect to a further call of 20 per cent, payable during the present year These are also in the hands of the stock agents of this Company, in the process of examination and registry, *farm mortgages*, amounting to upwards of six hundred and fifty thousand dollars. These two *items*, after making a liberal abatement for delinquency and delay, will swell the available resources of the Company to an amount exceeding One Million Five Hundred Thousand Dollars

Considering the stringency of the money market, which was alluded to in our last Annual report as being then of three months' duration and which has continued with unabated rigor through the entire year, the greater is our wonder in view of what we have accomplished and the obligations we have discharged

By sale of our securities East, our fiscal agents have furnished the greater portion of the funds for these purposes, though mention must not be omitted of the promptness with which stockholders and friends of the enterprise along the line of the road, responded to the call for and last autumn, by purchasing to a considerable amount, at fair rates, the bonds and farm mortgages held by this company,—a relief to our treasury the more timely and valued, coming as it did, at a period when securities of whatever kind, which were forced upon the market, were at best certain to be sacrificed

By the Chief Engineer's report, a statement is furnished of the additional outlay necessary to complete the track to Horicon, and the cost of shops, buildings and rolling stock necessary to put the road in operation

There have been purchased and delivered on the grounds of this company, *iron rails sufficient* for thirty-three miles of track, eight miles of which are already laid down. The additional quantity of about 1,900 tons, necessary to extend the track to Horicon, can now be purchased at rates very advantageous to the company, and by the outlay as estimated, part in cash, and part in the company's securities, the road can be opened for business in the month of July, or in August next, at the farthest.

From that period it is safe to assume the the income of our road will more than fulfil the conditions necessary to constitute our first mortgage bonds a legal banking basis within this State, and fully realize to shareholders all that has been anticipated from their investment

A great desideratum with the Board is to accomplish which, if possible, will place us at command other than our first mortgage bonds for we might then expect to realize their full value, without suffering discount or commission

We renew to you the pledge of our best endeavors to accomplish, at the earliest period possible the highest objects of the company, by the faithful applicance of every facility within our reach and under our control

STODDARD JUDD, President

Milwaukee, Jan 1, 1855.

Report of the Chief Engineer,

To the President and Directors of the La Crosse and Milwaukee Rail Road Company

I herewith submit the following Report for operations in the Engineer department, since I took charge of the same, about the 15th of March last.

At that time the line was located from Milwaukee to Fox Lake, and was under contract from Milwaukee to Portage City—the first 18 miles having been contracted to Messrs Cooke & Sherwin, and the balance to Messrs Bailey, Whitemore & Co. Operations had been commenced by them at different points between Milwaukee and Horicon, a distance of 51 miles

In March last, Mr. Vliet resumed the survey and location of the line from Fox Lake west ward. An accurate and final survey was made to Portage City, and a new trial line was run the ce to the Wisconsin river at the Dells In view of that section of the line not being wanted for immediate operations it was deemed best to defer the time the surveys, and the party was disbanded

Last spring, I received from Mr. J. Dart, who had been employed to survey the Baraboo route, a Report of his operations accompanied with maps and profiles The level notes of his line show that he passed over a very rough country and unless by prolonged examinations great changes and improvements can be effected, the route surveyed by him is of a character too costly for favorable consideration

The work of Construction has been pushed forward vigorously (almost to completion) on the part of the line embraced in Messrs Cooke & Sherwin's contract, while on the two west of section 18, though the contractors have done a large amount of work, and have ever been ready to do all that could be asked of them, yet we have not been able to push it forward so vigorously as could be wished, or as was hoped for early in the season

The work of graduation has been more difficult and consequently more costly than was at first anticipated, from the fact that many of the deep excavations have proved to be the worst kind of Hard Pan requiring severe labor and long time to remove

From Milwaukee to Horicon is embraced the heaviest continuous grading, on the whole line from Milwaukee to La Crosse, and as we shall meet with but few deep cuts west of Horicon I have reason to suppose that we shall be required to excavate but little hard material

In this city much has been done towards preparing the Station *grounds* One section of a large Station building has been erected a dock of about 500 *feet* in length and a substantial and permanent platform for the tracks have been built. Though much remains to be done, yet a small additional expense will make ready the grounds for doing a large business

No preparations have as yet been made for Machine shops or Engine Houses

In accordance with their contract Messrs Cooke & Sherwin have furnished the Company with one locomotive engine and twenty *platform* cars, which are now on the line and in good order

The condition of the work on the line is as *follows*, viz

From Milwaukee to Horicon, of common earth excavation done, 901 538 c yds.

From Milwaukee to Horicon, of Hard Pan, Quick Sand, Rock, &c 80 692

Total amount of excavation done 982,228

To complete the grading of above, will require of earth excavation 925 000

Hard Pan, Rock, &c, about 20 000

Total quantity to be removed to complete grading to Horicon, 225 000

I offer the following approximate estimate of the cost of completing the grading, furnishing the *materials* and laying the track with partial ballast, from Milwaukee to Fox Corners, a distance of 43 miles

Graduation - - -	$20 000
Bridging and Culverts	1 500
Cross Ties	1 00
Track Laying	13 000
Ballast	5 000
Spikes & Chairs	15,500
Frogs, Switches & Turn Tables	3 500
Iron Rails, 12 miles at $5 800 per mile	69 600
Government duties on Iron purchased	40,000
Water Stations - - - - - -	2 000
Contingencies	7 000
	$178 100

To complete the Grading and Track as above, from Fox Corners to Horicon 7½ miles distance, will require an additional outlay of $88,500—Making a total cost to extend the track to Horicon, of $266 600

The above is an approximate estimate, yet I believe the sum ample to complete *the Road* as above specified

Machine Shops, Buildings and Rolling Stock sufficient to put the Road in running order, will require an expenditure of about $120 000, in which may be included 82 sets car wheels and axles, which have been purchased, and part of them delivered

From Surveys that have been made I am enabled to state that the road can be built from Section eighteen, to Portage City, within the bases of 25 000 cubic yards per mile, as *established* in the contract with Bradley, Whitemore & Co

The work of *graduation* has been carried on with the intention of having a good road on which, when completed, a large freighting business can be done at low cost The curves are all of large radii, while the grades going West in no case exceed 42 feet per mile Going East the maximum ascending grade is 35 feet per mile and that is required in few cases and for short distances only.

From Milwaukee to Horicon the face of the country is not such as will admit of long straight lines, yet the curves are all easy and the general direction good, is will be seen by *the following* comparative distances

From Milwaukee to Hartford 34 miles air line 30 miles
" to Ho icon, 66¾ " 45 "
" Horicon to Portage City 40 " 41 "

From Portage City to La Crosse by way of the Lemonweir and La Crosse Valleys, the country (excepting the La Crosse Summit and Wisconsin River crossing) is adapted in every respect to the building of a first class road at a very small cost A road can be laid in long straight lines on smooth dry Prairie or openings, avoiding all streams of magnitude, and obtaining a very gradual ascent and descent over the *high lands*, between the Wisconsin and Mississippi Rivers.

To cross the Wisconsin near the Dells will require a bridge of about 600 feet in length and about 40 feet above the surface of the water

Only a limited survey has been made of the La Crosse Ridge, yet from personal examination I am of the opinion that it can be overcome with gradients not exceeding 55 feet per mile and that at a moderate expense of grading

It seems useless for me in this connection to speak of the business prospects of the road

It is not an experiment, for the people of Wisconsin can point *with pride to a road running* from Milwaukee, which was started under the most *adverse circumstances*, when the country was far less improved, and less thickly peopled than now, and which has been pushed forward, piece by piece, until it has reached one hundred miles into the interior. And the Company is rewarded, by having it crowded with business to almost its utmost capacity for the year round, and with the gratifying reflection that their work has exerted no small influence in causing this state to assume its present important position.

All who are acquainted with the resources of this country concur in the statement, that there is no section of it at this time, better provided with Agricultural and *mineral productions*, and products of the Forest, for the support of a rail road, *than* that *tributary* to your line, from Milwaukee to Delton

The Iron mines are being successfully worked, and now offer a large transportation business, with the certainty of a large increase from year to year

The M & H R R Co have commenced operations on their line and will have their road completed to Waupun, by the time your track can be laid to Horicon This will open the Lake Winnebago and Wolf River countries to a Lake market, 51 miles over your Road

During the past year great improvements have been made in the *country* directly tributary to your line of road, and should it continue to improve for ten years to come as it has for ten years past, the agricultural and mineral productions (for which the only outlet will be by railroad) will be too enormous for me to attempt to estimate, certainly far beyond the capacity of any road.

From Delton to La Crosse, the country is comparatively new, though it is fast being settled The country is good for agricultural purposes, and is destined to support a large population

Only a short time ago, the construction of a road from Milwaukee to La Crosse would have been in advance of the wants of the country, and would have failed for support but at this time, in view of the large and rapidly increasing population of Minnesota *Territory* and Northwestern Wisconsin, in view of the fact that these people, though now *consumers*, will soon become producers, and that the business on the river has nearly or quite doubled within the past year also, in view of the high tariff of freight usually charged on the steamboats of the Upper Mississippi, I am satisfied that the business of the country would at present be adequate to the support of a railroad, and that the wants of the country will be far ahead of the completion of the road, let it be built ever so speedily.

The valley of Root river, starting directly opposite LaCrosse, and leading in an almost direct line for the South Bend of St. Peters river, affords an easy route for a railroad the construction of which the rapid settlement of that country will soon require.

With ordinary success in the construction of your road I can see no reason why your Company may not hope to come in for a fair share of the business the great Northern Pacific Railroad—a road which, though it is now in the future, is ensured by manifest destiny and by the progressive spirit of the age WM R SILL, Chief Engineer.

Milwaukee, Jan 1st, 1855

Correspondence of the Sentinel

The Village of Columbus—Its location, business and population.

COLUMBUS, Columbia Co Wis
January 30th 1855

Messrs Editors

I have been stopping here for some time, and, pleased with the beauty of the Village, I have concluded to give you a description of it, in my imperfect manner Columbus is situated in a large and beautiful grove of Burr Oaks, which the citizens have had the *good* taste to let stand, wherever they did not interfere with their convenience. Seven years ago the little log cabin was the only building that stood on the present village plot Columbus now contains from one thousand to twelve hundred inhabitants. The dwelling houses are generally neat wooden buildings painted white, and not such a uniform dis-

tance from the street, having a nice yard in front of each house which, with their gay flowers and beautiful shrubbery, gives each house a neat and tasty appearance in the summer There are quite a number of good Brick Blocks in the business parts of the village some of which indeed would do credit to much larger towns Judging from the location of the place and the appearance of the citizens, I should suppose that Columbus is a peculiarly healthy place The trade of this village is greater than that of any other village of its size I ever saw Their bounds of trade though are large

Portage City is distant 30 miles west, Madison 25 miles south, Watertown 25 miles east, and Beaver Dam 12 miles north, with no intermediate *points of any consequence* to interfere with the trade of this place And that portion of Dodge Dane and Columbia Counties, embraced in those bounds, for fertility of soil, beauty of scenery and amount of products, can't be surpassed anywhere. To form an idea of the amount of produce raised in this district, you have only to stand on the street and watch the daily throng of teams, pouring in here, loaded with Grain and Pork We have some fourteen Stores, Dry Goods, Fancy, Hardware, Drugs, Groceries, Clothing and Boots & Shoes, some of which do a trade of $40,000 per year. The Presbyterians have a very neat Church, with a good bell attached to it. The Methodists and Universalists intend putting up good brick Churches in the spring In addition to our Public Schools we have a very good Academy which is well patronized, and which I think would be a pleasant school for some of your city boys and girls to attend in the summer We expect to build a College here the ensuing season we have a charter for one, under the name of "*Columbus Collegiate* Institute" Calculations are now made, to put up quite a number of good buildings next spring, among which will be a number of brick stores The Odd Fellows have a beautiful Hall, held join ly with the Sons of Temperance *The latter* Order have a good Library We will have two Railroads here before long This will be the junction of the Milwaukee & Watertown Road and the Wis Cen R R, giving us here the choice of Milwaukee and Chicago markets.

Our citizens are nearly all live Yankees, though *not* all "Know Nothings," for you must give us credit for a little intelligence, when I tell you, that in addition to a host of other reading matter *received at this office* we take, besides Dailies, 115 Nos of the Weekly Sentinel and 65 Nos, of the N Y Weekly Tribune

Village property and farms in the neighborhood, can be purchased at prices that are sure to be profitable to the purchaser Mechanics and Laborers are wanted here and wages are good—The inducements offered to eastern emigrants, that seek a healthy and pleasant home, are certainly very great at this point. Here they find land richer than any ever seen east, at less than half the price, and here an intelligent, warm-hearted people stand ready to receive them, offering them all the advantages of a good schools, good society, and a much smarter chance of making money, than they enjoy East

Yours, &c, J A E.

NEW PAPER AT HOWARD—We learn that a new Republican paper is soon to be started in Howard, Brown Co Wis This is good news, as such a paper has been greatly needed in that County We trust that a large number of paying subscribers, and a liberal advertising patronage will enable the proprietors to make it a first class paper.—[Oshkosh Democrat.

DIED,

In the Town of Randolph, Columbia County, deeply regretted by its inhabitants, JOSIAH KERR, Esq., one of its first settlers

Post Office Matters and Arrivals and Departures of the Mails This Day

News of the Morning

Two weeks later, the Canada (from Europe) arrived yesterday. An abstract of the intelligence she brings will be found under the telegraph head. We have also late accounts by land and sea from Santa Fe Rio Grande and California, which contain a good deal of interesting information. Gov Johnston, late governor of California, and Col Fremont, late candidate for the presidency, are both dangerously ill. Gen Persifer F Smith, late commander of the Pacific division of the army, died recently at San Francisco. The Legislature of California has been organized by the election of three Republican Members of the Assembly, and the remaining vacancies will probably be filled by the election of Republicans. It is reported however that our Republican friends in the Assembly did not build their fires in the Assembly hall on the first day of the session, but went over to the Democratic quarters and borrowed the necessary fuel. The Democrats refused to lend them a stick, and the Republicans were obliged to go without fire. We hope for the honor of California that the reports reached Monday are incorrect.

Mail Routes This Way.—The Post Office Department at Washington, on the 26th ult, let out upon the same day the Mail Routes in the State of Michigan, which had been advertised for proposals. It is said that the whole business was done up in less than an hour, and that all yesterday at 11 o'clock having been 30 hours on the way plodding through snow and slush in two stages from Detroit. The train of sleighs which left Detroit on Saturday morning was more than a week in reaching Detroit here by 6 P M. The fortunate few of any left yesterday—had no information when we went to press. To day, the Mail Routes will be comparatively clear and the passengers will run on them to-morrow again. No regular trains have been out since Saturday.

We have had no mail since Sunday morning. In fact the Chicago Road between Chicago and Milwaukee has been blocked up with snow ever since Saturday morning.

Mr Clement of Racine County arrived here last night, on his way to Madison. He informed us that he would have been at Madison with the money could have procured it, but for the snow. But the snow was a barrier too much for him. But the snow was not the only difficulty that no one could overcome. Mr Clement reads that before he would have the sheriff with a democrat on his back to Madison, he would have the sheriff with a democrat on his back to Madison.

Jackson to Milwaukee R R Co—The third Annual Report of the Directors of this Company, with the Report of the Chief Engineer, will be found in our columns this morning, and we must refer to them and the diagram of our line of road, to the attention of our readers.

Death of Joseph Kerr, Esq.

Among the names not cut in the Obituary in the Sentinel is that of Joseph Kerr, Esq, of Racine County. It has been our painful duty on a good many occasions to have to announce the sudden death, after a few days illness, of persons in the prime of life, and among all those who have been thrown in our course, among all those with whom social intercourse had made us familiar in whose death we record with sorrow and whose name is worth we remember with pleasure and commitment as a virtuous man, a kind and affectionate parent, a good friend, as an honest citizen, Mr Kerr had represented his district in the Legislature, giving unlimited satisfaction to his constituents. Of the manner in which the duties of his neighbors, of that vicinity, he had often been intimately, he had often been called upon to perform, whether in the Legislature, as Justice of the Peace, or Member of the Board of Supervisors, he had always been faithful, was ever satisfied and always did well and conscientiously. In the social circle he will be much missed. His intercourse with his neighbors was always pleasant and agreeable. His hospitality was unbounded. Those living in his immediate vicinity who so often shared his hospitality and kind services will not soon forget his advice who so often graced that happy family circle of which he was the head and the mirror of its joys will be quick to appreciate the extremely sad grief which the bereaved wife and children and with that consolation so freely offered and so truly felt which death alone can administer to such a heart-stricken family. We sympathize with them in their affliction and commend the afflicted to Him who tempers the wind to the shorn lamb. The high character he has sustained in Racine County will be a consolation to his children and friends in their bereavement.

Election of U S. Senator.

In the Senate this morning the Democratic caucus nominee, Mr Bashford, was elected U S Senator for the term of six years from the 4th of March next, by the following vote:

Ayes—Messrs Bashford, Bowen, Brayton, Bright, Brown, Bryant, Cady, Cole, Conover, Crandall, Crocker, Dodge of Dane, Dodge of Iowa, Dodge of Washington, Eastman, Fairchild, Fox, Gilbert, Hall, Hamilton, Hanchett, Hastings, Hoyt, Jackson, Jones, Kellogg, Kilbourn, Lamb, Lewis, Lyon, Mallory, Marsh, Mason, Mathews, Mitchell, Moseley, Noble, Parker, Pettibone, Pier, Pratt, Reed, Rogers, Sanborn, Sawyer, Scott, Shaw, Smith, Spencer, Stevens, Stewart, Strong, Taylor, Tenney, Thompson, Tilden, Tuttle, Upham, Vail, Van Valkenburgh, Wakeley, Wallace, Warner, Wheeler, Whiting, Wilson, Wood, Woodward, Worthington and Young—72.

Nays—Messrs Bennett, Bingham, Bloodgood, Bowman, Brown, Chase, Clement, Cook, Cooper, Crane, Dodge of Jefferson, Dodge of Rock, Dunn, Ellis, Fuller, Gibson, Gilman, Gray, Hall, Hanson, Hastings, Hatch, Hoyt, Hunter, Jones, Kellogg, Kilbourn, Lamb, Lewis, Lyon, Mallory, Marsh, Mason, Mathews, Mitchell, Moseley, Noble, Parker, Pettibone, Pier, Pratt, Reed, Rogers, Sanborn, Sawyer, Scott, Shaw, Smith, Spencer, Stevens, Stewart, Strong, Taylor, Tenney, Thompson, Tilden, Tuttle, Upham, Vail, Van Valkenburgh, Wakeley, Wallace, Warner, Wheeler, Whiting, Wilson, Wood, Woodward, Worthington and Young—72.

Absent—Messrs Bennett, Bingham, Bloodgood, Bowman, Brown, Chase, Clement, Cook, Cooper, Crane, Dodge of Jefferson, Dodge of Rock, Dunn, Ellis, Fuller, Gibson, Gilman, Gray, Hall, Hanson, Hastings, Hatch, Hoyt, Hunter, Jones, Kellogg, Kilbourn, Lamb, Lewis, Lyon, Mallory, Marsh, Mason, Mathews, Mitchell, Moseley, Noble, Parker, Pettibone, Pier, Pratt, Reed, Rogers, Sanborn, Sawyer, Scott, Shaw, Smith, Spencer, Stevens, Stewart, Strong, Taylor, Tenney, Thompson, Tilden, Tuttle, Upham, Vail, Van Valkenburgh, Wakeley, Wallace, Warner, Wheeler, Whiting, Wilson, Wood, Woodward, Worthington and Young—72.

From Madison.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Jan'y 27, '55

Our Supreme Court this morning granted the writs of Habeas Corpus applied for yesterday by the counsel of Messrs Booth and Ryecraft—The writs are directed both to Sheriff Conover, and Marshal Ableman The Court is unanimous in granting the writs Judge Whiton (Chief Justice) stated that he might give his opinion at a future time Judge Smith said that he does not regard the Fugitive Act as constitutional, and therefore does not think any offence can be committed under it Judge Crandall said that even granting the law constitutional, no crime under it is charged in the indictment I was not present when the writs were granted, but understand that the above is the substance of the remarks made No written opinion was given

We shall soon now what we shall get Great curiosity is exhibited to learn the result

The Senate did nothing this morning At 10 o'clock the democrats were all absent in caucus somewhere, and there being but 9 Senators present no quorum there was an adjournment over till Monday Perhaps it would have been better to organize for a short time, but I did not hear it was given

In Assembly, Judge Vil moved to amend the Journal so that it would show nothing of the fun about the Senators bound-bills, stating that the Clerk in the Senate had kept the matter out of that Journal Mr Hull thought that it would scarcely be advisable to mutilate the records in that manner and moved a reconsideration of the Assembly's Amendment of yesterday, which was done, and the bill placed in the same position as when it came from the Senate, the Assembly refusing then to concur in privileging the board bills at all

A communication from the Superintendent of Public Property was received, covering his account for stationery, with a claim of $80 20 expended over the appropriation of $2000—the vouchers accompanying

Petitions were presented

By Mr Davis, for a state road

By Mr Pulvey, the account of Racine Circuit Clerk

By Mr P H Smith a large number for a variety on the Low Co, Seat

By Mr Schwedl, memorial for a mail route Resolutions

By Mr Parker, calling for a select committee to report on the expediency of a general railroad law—adopted

By Mr Love, (joint) to go into joint ballot on Wednesday, that at 2 P M for election of U S Senator—was laid over, the rules prohibiting debate on Fridays and Saturdays

Bills introduced

By Mr Williston changing name of plat of Mt Hebron

By Mr Williston charter of Afton Manufacturing Co

By Mr Sherman for relief of J H Williams

By Mr W R Taylor to repeal sec 10 and amend sec 20 of chap 89 R S.

By Mr Pulvey to amend chapter 120 R S

Mr Gary, from the select committee to whom was referred the memorial of Prof Daniels, made a favorable report which, in justice to the Professor, ought to be widely circulated It takes issue on the questions whether the removal of the late State Geologist was legal and whether his claim to his salary for the year is just, maintaining the affirmative of the latter, and the negative of the former. The point as to the want of power on the part of the Governor to remove an officer appointed, under such a law as the one in regard to the State Geologist, to perform a specific service is contested with conclusive ability His excellency having been driven to assign incompetency as a reason for removing Prof Daniels, the Committee present an army of testimony from the best known Geologists of the country to the Professor's ability, which ought to make the Governor's ears tingle with shame at having allowed himself to assign such a reason for the removal

The Committee reported a bill to pay Prof D $500 00 being the balance due on his salary for the year, he having been thrown out of employment late in the season after he had incurred liabilities in the employment of assistants &c

The report was laid over for a number of years to have an immediate consideration, with all those bills which a special interest has made familiar in whose death we record with sorrow and whose praise worth we remember with pleasure and commitment as a virtuous man, a kind and affectionate parent, a good friend, as an honest citizen, Mr Kerr had represented his district in the Legislature, giving unlimited satisfaction to his constituents. Of the manner in which the duties of his neighbors, of that vicinity, he had often been intimately, he had often been called upon to perform, whether in the Legislature, as Justice of the Peace, or Member of the Board of Supervisors, he had always been faithful, was ever satisfied and always did well and conscientiously. In the social circle he will be much missed. His intercourse with his neighbors was always pleasant and agreeable. His hospitality was unbounded. Those living in his immediate vicinity who so often shared his hospitality and kind services will not soon forget his advice who so often graced that happy family circle of which he was the head and the mirror of its joys will be quick to appreciate the extremely sad grief which the bereaved wife and children and with that consolation so freely offered and so truly felt which death alone can administer to such a heart-stricken family. We sympathize with them in their affliction and commend the afflicted to Him who tempers the wind to the shorn lamb. The high character he has sustained in Racine County will be a consolation to his children and friends in their bereavement.

Mr Bowen introduced a bill to incorporate the Milwaukee Mechanics Institute

Mr Bashford introduced a bill authorizing Winnebago Co to borrow money

A bill, charter of Young Men's Institute Portage City

Sutherland and Cobb memorials for State road.

Resolution by Mr Cobb—of inquiry concerning a bill providing fees for clerks in chancery cases

Judge Dunn, from Judiciary Committee, reported adverse to bill for quieting tax titles.

Bills passed

Extending time of collecting taxes in Wauwatosa

Providing for a new assessment in the town of Berlin

The Joint resolution from Assembly, laid on the table last Friday (concerning Joint Convention for U S Senator) was taken up A spirited debate ensued—the Republican members feeling that their opponents were determined to take a snap judgment upon them, having found several left of the present Congress, 5 of their number absent

Motions to fix Wednesday as the day, and Tuesday at 3 P M, were voted down, the majority insisting upon taking an hour when, in all probability, all of the members cannot be here, and they finally fixed upon Tuesday, at 11 A M, as the hour *The Republicans all voted for the resolution at last*

Of the Senators Messrs Clement, Giles and Worthington (all Republicans) are absent—the first expected back to morrow evening, the second sick at Stoughton, the third expected to-morrow noon. Of the members of Assembly, Messrs. Goodall and Goodrich (Rep) are absent, but expected by the train due at noon to day, but not yet (6 P M) arrived Mr Kirkpatrick, it was feared, would be absent, but he has arrived from home It is understood that Mr Falvey (dem) of Racine, has agreed to pair off with Mr Clement Mr Martin (and dem) is sick and has not been in his seat for several days Mr Rogan (dem) is expected to night

The printing question (documents in foreign languages) came up, but no conclusion reached—the Senate adjourning pending a call of the Senate

In Assembly, the prayer was made by Rev. Mr Miller the Baptist clergyman, who prayed that the Supreme Court might be guided aright in the present crisis, and that in case their conferences should lead them to look beyond human enactments, they might have the aid of the Great Lawgiver, and look to the "higher law"

The following select committee on the subject of a general rail road law, was announced Messrs. Parker, Barns, O'Neal, Davis and Cary

Mr Welch presented the account of D Holt.

" Randall, a petition concerning banking

Resolutions were introduced

By Mr Stevens, calling on the Governor for the reasons for removing Prof. Daniels Adopted

By Mr Howard, calling for items of expenditures by Lunatic Asylum Com'rs, and if any appointments have been made

By Mr Holt, requesting the clergymen to eschew politics in their prayers Mr Randall moved to postpone it indefinitely Carried 37 to 35

By Mr Rose, offering a reward of $250 for the conviction of persons stealing from the Assembly Hall—Adopted

Bills were introduced

By Mr Vliet, charter of Milwaukee Gymnastic society—*passed.*

By Mr Virgin, amending sec. 70, chapter 16, Revised Statutes

By Mr Whitty, charter of Portage City and Newport Plankroad Co.

The committees reported back sundry bills—among them a Railroad charter from the Committee on Incorporations, with a proviso looking to a general Railroad law (It is much to be regretted that the report of this committee against special legislation has not been sustained Under the Constitution, the Legislature has no right to pass any special charter for *anything* which *can be* provided for by general laws, yet every Legislature has passed, does pass, and I fear will pass just such charters)

Bills passed

To add School District No 1 in Hazle Green to raise money

Charter of Salem Academy.

do Janesville Collegiate Institute

State road from Richland City to Newport

Two other state road bills.

Appropriating $19 00 to N M Sayles.

Repealing the law organizing Oconto County for judicial purposes

In committee of the whole the file was read through and the bills variously disposed On motion of Mr O'Neill, the bill providing for taking the census was referred to a select committee

On motion of Mr Colley, the joint resolution introduced a day or two since to go into joint Convention on Wednesday, was taken up Mr Hull moved to postpone it indefinitely. Mr. Vilas was very anxious to know whether it was true as rumored, that the Senate had passed a resolution of that kind—if so, he thought proper not to waste time, which was so important!—(Wasn't that cool!!) Mr Stevens moved to lay the resolution on the table.

The call of the roll had hardly been made, when a Message from the Senate announced the resolution to go into Joint Convention on Tuesday at 11 A M The motion to lay upon the table failed—35 to 42 Mr Earnest now moved to take up the Senate Message, which was declared *out of order, as* Mr Hull's motion was pending

Mr Hull arose and withdrew his motion, whereupon Mr Parker renewed it, and then came a long discussion of a point of order, as to whether or not Mr Earnest had the floor, when Mr Parker's motion was made Pending this, Mr Gary moved to adjourn to 2 P M, which was carried

During the interval, a consultation was held by the Republican members, informally, and it was *agreed to concur* with the Senate, in spite of the existing unfavorable circumstances, rather than to give that body a chance to postpone the election again and it was determined to use every effort to get the absentees here Owing to the storm and detention of the cars, the hope of reaching Mr Clement is gone, though we may, possibly, get all of the other absentees.

At 2 P M, accordingly, the Assembly met, and concurred in the Senate amendment, fixing the time at 11 A M to-morrow.

Mr Gunn's resolutions of instruction—the special order—were then taken up, and a brief wrangle ensued, which was terminated by an early adjournment, the times being too ticklish to touch any very important question

So here we are, anxiously awaiting the morrow The "democrats" are *holding a caucus* to-night, and there is some rumor of their being disposed to nominate Senator Wakely

My own opinion is that there will be no choice to-morrow, unless the number of ballots shall be large W. H. W.

THE WRIT OF HABEAS CORPUS GRANTED—*Man Hunting not a Duty in Wisconsin*—Justice, however far she may have fled from some tribunals, has not been banished from our State Courts Our Supreme Court, as we have all along believed it would do when the proper exigency should arise, has granted the writ of Habeas Corpus in accordance with the application of Messrs Booth and Ryecraft now imprisoned in Milwaukee under the provisions of the Fugitive Slave Act The Court was unanimous in this decision

On announcing the decision of the Court last Saturday, Chief Justice Whiton remarked that they had decided to grant the prayer of the petitioners, and that the grounds for his decision would be given in his opinion after the trial—Justice Crawford, who dissented from the decision declaring the Fugitive Slave Act unconstitutional, pronounced last summer, and that assuming that Act to be constitutional, the petitioners were entitled to a writ of Habeas Corpus *since no crime* was alleged in the indictment under which they were convicted Justice Smith took a still more decided stand and declared the Fugitive Slave Act unconstitutional and therefore void, and that no indictment could by under it

Thus it seems that the Supreme Court does not falter, and that no trafficker in men need come to the Free State of Wisconsin and expect to reclaim his fugitive human chattels under the Act of 1850 When an impersonation of high born southern aristocracy comes along, and tells us that such a man is his property, that he has neglected to bring his bloodhounds with him, or did not think it essential since the passage of the act referred to, and that we must supply the deficiency by hunting the fugitive ourselves, we can reply "In thy servant a dog to do this thing" and in fact can plumply refuse without rendering ourselves liable to either fine or imprisonment. This a great privilege in the land of the free and the home of the brave" It is not enjoyed in many States, and for it we are indebted to a fearless, independent, high toned Supreme Bench All honor to our Supreme Court Its course will receive not only the warm approbation of the people of this State but of every liberty loving citizen of the nation —*Madison Journal*

From Washington.

Several of the army officers, now in Washington, have been ordered to join their regiments forthwith This looks as if Secretary Davis anticipated serious trouble with the Indians during the coming spring and summer.

Letters have been received in this city which remove any immediate apprehension in regard to the health of Judge Mason.

The Pacific Railroad bill is to all intents and purposes dead and buried, although not beyond the reach of the precautionary heads of the next Congress and unless something is speedily done, the Texas and French speculation bills will soon be sleeping side by side with the great railroad project. There are only thirty-two working days left of the present Congress.

Report of the Board of Directors.

The lapse of a year fraught with financial revolutions and incidents like that which has just closed, is, of itself, sufficient to render interesting a statement of the condition of any railroad enterprise It is with pleasure, therefore, that the Directors of the La Crosse and Milwaukee Railroad Company, submit this, their Third Annual Report to the Stockholders

Immediately after the meeting of stockholders and election of the present Board of Directors in February last, terms of consolidation of the Milwaukee, Fond du Lac and Green Bay Railroad Company with this Company, were agreed upon by the respective Boards of Directors of the two Companies, which, in pursuance of a special act of the Legislature were fully ratified on the 11th of March following

It was enacted that this company, under it original title, should represent and embrace all the interests of both companies, the united capital stock of which is Six Millions and Eight Hundred Thousand Dollars

The number of full paid shares of capital stock brought in by the M, Fond du Lac, and G B Company, was eleven *hundred and forty* five, amounting to $114 500 The number of subscribed shares *eight* hundred and forty-seven on which installments had been paid, amounting to $6 788 69

Forms to the amount of $40 000, had been mortgaged into that company, of which $31,000 had been sold, and $9 000 hypothecated.

By the terms of consolidation, this Company was required to relinquish these mortgages to the grantors, and also to refund cash installments upon stock received from subscribers in Washington and Fond du Lac counties, all of which has been performed on the part of this company, to the entire satisfaction of all parties concerned

By the act of *consolidation of the two companies*, the construction of eighteen miles of the road, commenced at the Second Ward in the city of Milwaukee, which had been assumed by the M, F du L & G B R. R Co, reverted to this company bringing with it the contract with Messrs Cooke & Sherwin for the same, which, on being fulfilled with its collateral and incidental contingencies, has involved an outlay of means greater than had been anticipated

According to the estimate of the Chief Engineer upon this contract, *a settlement has been agreed* to with Messrs Cooke & Sherwin for work done *and materials* furnished under their contract, amounting to - - - - $311,752 40

For work and materials on the line west of sec. 18, and for Iron Rails, Depot Grounds Buildings, Docks, Right, of Way, Fencing, Engineering, Salaries, Interest Discount and Commissions, and all other contingent expenses, from commencement of Company's operations, there has been expended 714 930 3

Total, $1,026,683 5

The sources whence the means for the foregoing disbursements have been derived are the following viz.

Bonds and farm mortgages of stockholders,	$617,000 00
Full-paid shares of capital stock,	277,800 00
Installments of subscribed shares,	69 696 1
Total capital paid in, - - - -	$360,496 11
Bonds of the cityof Milwaukee,	314,000 00
Sundry liabilities to mature in 1855, 1856, 1857 and 1858, a part of which is payable in the capital stock of this company	147,244 30
Sundry profits realized, rents collected, &c	1 546 12
Total	$1,123,187 33
Which, after deducting disbursements as stated -	1,026 683 35
Leaves a bal of resource for future operations of	$396,503 38
In addition to the above, we retain the entire issue of the first mortgage bonds of the Company, to the amount of $16,000 per mile on ninety five miles of the road of this Company, being that portion of the same which lies between Milwaukee and Portage City, on the Wisconsin river, amounting to the sum of - - - -	950,000 00
Which, added to the above amount, makes a total sum of -	$1,946 503 38

There have been subscribed to the capital stock of this Company 11,286 shares, of which are fully paid 8 908 shares leaving 2 486 shares on which there has been called 30 per cent, and which are subject to a further call of 20 per cent, payable during the present year There are also in the hands of the stock agents of this Company, in the process of examination and registry, *farm mortgages*, amounting to upwards of one hundred and fifty thousand dollars. These *two items*, after making a liberal abatement for delinquency and delay, will swell the available resources of the Company to an amount exceeding One Million Five Hundred Thousand Dollars

Considering the stringency of the money market, which was alluded to in our last Annual Report as being then of three months' duration and which has continued with unabated rigor through the entire year, the greater is our wonder in view of what we have accomplished and the obligations we have discharged

By sale of our securities East, our fiscal agents have furnished the greater portion of the funds for these purposes, though mention must no be omitted of the promptness with which stockholders and friends of the enterprise along the line of the road, responded to the call for aid last autumn, by purchasing to a considerable amount, at fair rates, the bonds and farm mortgages held by the company,—a relief to our treasury the more timely and valued, coming as it did, at a period when securities of whatever kind, which were forced upon the market, were at most certain to be sacrificed

By the Chief Engineer's report, a statement is furnished of the additional outlay necessary to complete the track to Horicon, and the cost of shops, buildings and rolling stock necessar to put the road in operation

There have been purchased and delivered on the grounds of this company, *iron rails sufficient* for thirty-three miles of track, eight miles of which are *already laid* down. The additional quantitity of about 1,900 tons, necessary to extend the track to Horicon, can now be purchased at rates very advantageous to the company, and by the outlay as estimated, part in cash, and part in the company's securities, the road can be completed for business in the month of July, or in August next, at the fathest.

From that period it may safe to assume the the income of our road will more than fulfil the conditions necessary to constitute our first mortgage bonds a legal banking basis within the laws, and fully realize to shareholders all that has been anticipated from their investment

A great desideratum with the Board is to accomplish so much, if possible, with means at command other than our first mortgage bonds, for we might then expect to realize them full value, without suffering discount or commission

We renew to you the pledge of our best endeavors to accomplish, at the earliest period possible the highest objects of the company, by the faithful appliance of every facility within our reach and under our control

STODDARD JUDD, President

Milwaukee, Jan 1, 1855.

Report of the Chief Engineer,

To the President and Directors of the La Crosse and Milwaukee Rail Road Company

I herewith submit the following Report for operations in the Engineer department, since I took charge of the same, about the 15th of March last.

At that time the line was located from Milwaukee to Fox Lake, and was under contract *from* Milwaukee to Portage City—the first 18 miles having been contracted to *Messrs* Cooke & Sherwin, and the balance to Messrs. Bailey, Whittemore & Co. Operations had been commenced by these as different points, between Milwaukee and Horicon, a distance of 51 miles

In March last, Mr. Vliet resumed the survey and location of the line from Fox Lake west ward. An accurate and final survey was made to Portage City, and a new trial line was run the centre of the Wisconsin river at the Dells In view of that section of the line not being wanted for immediate operations it was deemed best to defer it time the surveys, and the party was discharged Last spring, I received from Mr. J. Dart, who had been employed to survey the Baraboo route, a Report of his operations accompanied with maps and profiles The level notes of his line show that he passed over a very rough country and unless by prolonged examinations great changes and improvements can be effected, the route surveyed by him is of a character too costly for favorable consideration

The work of Construction has been pushed forward vigorously (almost to completion,) on the part of the line embraced in Messrs Cooke & Sherwin's contract, while on the line west of section 18, though the contractors have done a large amount of work, and have ever been ready to do all that could be asked of them, yet we have not been able to push it forward so vigorously as could be wished, or as was hoped for early in the season

The work of graduation has been more difficult and consequently more costly than was at first anticipated, from the fact that many of the deep excavations have proved to be the worst kind of Hard Pan requiring severe labor and long time to remove

From Milwaukee to Horicon is embraced the heaviest continuous grading, on the whole line from Milwaukee to La Crosse, and as we shall meet with but few deep cuts west of Horicon I have reason to suppose that we shall be required to excavate but little hard material

In this city much has been done towards preparing the Station grounds One section of a large Station building has been erected a dock of about 500 feet in length and a substantial and permanent platform for the tracks have been built. Though much remains to be done, yet a small additional expense will make ready the grounds for doing a large business

No preparations have as yet been made for Machine shops or Engine Houses

In accordance with their contract Messrs Cooke & Sherwin have furnished the Company with one locomotive engine and twenty platform cars, which are now on the line and in good order

The condition of the work on the line is as follows, viz

From Milwaukee to Horicon, of common earth excavation done, 981 538 c yds.

From Milwaukee to Horicon, of Hard Pan, Quick Sand, Rock, &c 80 692

Total amount of excavation done 982,228

To complete the grading of above, will require of earth excavation 895 000

Hard Pan, Rock, &c, about 20 000

Total quantity to be removed to complete grading to Horicon, 225 000

I offer the following approximate estimate of the cost of completing the grading, furnishing the *materials* and laying the track with partial ronbed, from Milwaukee to Fox Corners, a distance of 43 miles

Graduation - - -	$20 000
Bridging and Culverts	1 500
Cross Ties	1 100
Track Laying	13 000
Ballast	5 000
Spikes & Chairs	15,500
Frogs, Switches & Turn Tables	3 500
Iron Rails, 12 miles at $56 800 per mile	69 600
Government duties on Iron purchased	40,000
Water Stations - - - - - -	2 000
Contingencies	7 000
	$178 100

To complete the Grading and Track as above, from Fox Corners to Horicon 75 miles distance, will require an additional outlay of $88,500—Making a total cost to extend the track to Horicon, of $266 600

The above is an approximate estimate, yet I believe the sum ample to complete the Road as above specified

Machine Shops, Buildings and Rolling Stock sufficient to put the Road in running order, will require an expenditure of about $120 000, for which may be included 32 sets car wheels and axles, which have been purchased, and part of them delivered

From Surveys that have been made I am enabled to state that the road can be built from Section eighteen, to Portage City, within the basis of 25 000 cubic yards per mile, as established in the contract with Bradley, Whittemore & Co

The work of graduation has been carried on with the intention of having a good road on which, when completed, a large freighting business can be done at low cost The curves are all of large radii, while the grades going West in no case exceed 42 feet per mile Going East the maximum ascending grade is 35 feet per mile and that is required in few cases and for short distances only.

From Milwaukee to Horicon the face of the country is not such as will admit of long straight lines, yet the curves are all easy and the general direction good, as will be seen by the following comparative distances

From Milwaukee to Hartford 84 miles air line 36 miles " " to Ho icon, 50 " 45 "
" Horicon to Portage City 36 " 41 "

From Portage City to La Crosse by way of the Lemonweir and La Crosse Valleys, the country (excepting the La Crosse Summit and Wisconsin River crossing) is adapted in every respect to the building of a first class road at a very small cost A road can be laid in long straight lines on smooth dry Prairie or openings, avoiding all streams of magnitude, and obtaining a very gradual ascent and descent over the high lands, between the Wisconsin and Mississippi Rivers.

To cross the Wisconsin near the Dells will require a bridge of about 600 feet in length and about 40 feet above the surface of the water

Only a limited survey has been made of the La Crosse Ridge, yet from personal examination I am of the opinion that it can be overcome with gradients not exceeding 55 feet per mile and that at a moderate expense of grading

It seems useless for me in this connection to speak of the business prospects of the road

It is not an experiment, for the people of Wisconsin can point with pride to a road running from Milwaukee, which was started under the most adverse circumstances, when the country was far less improved, and less thickly peopled than now, and which has been pushed forward, piece by piece, until it has reached one hundred miles into the interior. And the Company are rewarded, by having it crowded with business to almost its utmost capacity for the year round, and with the gratifying reflection that their work has exerted no small influence in causing this state to assume its present important position.

All who are acquainted with the resources of this country concur in the statement, that there is no section of it of equal size, better provided with agricultural and mineral productions, and products of the Forest, for the support of a rail road, than that tributary to your line, from Milwaukee to Delton

The Iron mines are being successfully worked, and now offer a large transportation business, with the certainty of a large increase from year to year

The M & H R R Co have commenced operations on their line and will have their road completed to Waupun, by the time your track can be laid to Horicon. This will open the Lake Winnebago and Wolf River countries to a Lake market, 51 miles over your Road

During the past year great improvements have been made in the country directly tributary to your line of road, and rapid is it continuing to improve for ten years to come as it has for ten years past, the agricultural and mineral productions (for which the only outlet will be by railroads) will be too enormous for me to attempt to estimate, certainly far beyond the capacity of any road.

From Delton to La Crosse, the country is comparatively new, though it is fast being settled The country is good for agricultural purposes, and is destined to support a large population

Only a short time ago, the construction of a road from Milwaukee to La Crosse would have been in advance of the wants of the country, and would have failed for support But at this time, in view of the large and rapidly increasing population of Minnesota Territory and Northwestern Wisconsin, in view of the fact that these people, though now consumers, will soon become producers, and that the business on the river has nearly or quite doubled within the past year also, in view of the high tariff of freight usually charged on the steamboats of the Upper Mississippi, I am satisfied that the business of the country would at present be adequate to the support of a railroad, and that the wants of the country will be far ahead of the completion of the road, let it be built ever so speedily.

The valley of Root river, starting directly opposite LaCrosse, and leading in an almost direct line for the South Bend of St. Peters river, affords an easy route for a railroad the construction of which the rapid settlement of that country will soon require.

With ordinary success in the construction of your road I can see no reason why your Company may not hope to come in for a fair share of the business the great Northern Pacific Railroad—a roadwhich, though it is now in the future, is assured by manifest destiny and by the progressive spirit of the age WM R SILL, Chief Engineer.

Milwaukee, Jan 1st, 1855

Correspondence of the Sentinel

The Village of Columbus—Its location, business and population.

COLUMBUS, Columbia Co Wis
January 30th 1855

Messrs Editors

I have been stopping here for some time, and, pleased with the beauty of the Village, I have concluded to give you a description of it, in my imperfect manner Columbus is situated in a large and beautiful grove of Burr Oaks, which the citizens have had the good taste to let stand, wherever they did not interfere with their convenience. Seven years ago the little log cabin was the only building that stood on the present village plot Columbus now contains from one thousand to twelve hundred inhabitants. The dwelling houses are generally neat wooden buildings painted white, and not built a uniform distance from the street, leaving a nice yard in front of each house which, with their gay flowers and beautiful shrubbery, gives each house a neat and tasty appearance in the summer There are quite a number of good Brick Blocks in the business parts of the village some of which indeed would do credit to much larger towns Judging from the location of the place and the appearance of the citizens, I should suppose that Columbus was a peculiarly healthy place The trade of this village is greater than that of any other village of its size I ever saw Their bounds of trade though are large

Portage City is distant 30 miles west, Madison 25 miles south, Watertown 25 miles east, and Beaver Dam 12 miles north, with no intermediate points of any consequence to interfere with the trade of this place And that portion of Dodge Dane and Columbia Counties, embraced in those bounds, for fertility of soil, beauty of scenery and amount of products, can't be surpassed anywhere To form an idea of the amount of produce raised in this district, you have only to stand on the street and watch the daily throng of teams, pouring in here, loaded with Grain and Pork We have some fourteen Stores, Dry Goods, Fancy, Hardware, Drugs, Groceries, Clothing and Boots & Shoes, some of which do a trade of $40,000 per year. The Presbyterians have a very neat Church, with a good bell attached to it. The Methodists and Universalists intend putting up good brick Churches in the spring In addition to our Public Schools we have a very good Academy which is well patronized, and which I think would be a pleasant school for some of your city boys and girls to attend in the summer We expect to build a College here the ensuing season we have a charter for one, under the name of "*Columbus Collegiate* Institute" Calculations are now made, to put up quite a number of good buildings next spring, among which will be a number of brick stores The Odd Fellows have a beautiful Hall, held join ly with the Sons of Temperance The latter O der have a good Library We will have two Railroads here before long This will be the junction of the Milwaukee & Watertown Road and the Wis Cen R R, giving us here the choice of Milwaukee and Chicago markets.

Our citizens are nearly all love Yankees, though not all "Know Nothings," for you must give us credit for a little intelligence, when I tell you, that in addition to a host of other reading matter received at this office we take, besides Dailies, 115 Nos of the Weekly Sentinel and 65 Nos, of the N Y Weekly Tribune

Village property and farms in the neighborhood, can be purchased at prices that are sure to be profitable to the purchaser Mechanics and Laborers are wanted here and wages are good—The inducements offered to eastern emigrants, that seek a healthy and pleasant home, are certainly very great at this point. Here they find land richer than any ever seen east, at less than half the price, and here an intelligent, warm-hearted people stand ready to receive them, offering them all the advantages of as good schools, good society, and a much smarter chance of making money, than they enjoy East

Yours, &c, J A E.

NEW PAPER AT HOWARD.—We learn that a new Republican paper is soon to be started in Howard, Brown Co Wis This is good news, as such a paper has been greatly needed in that County We trust that a large number of paying subscribers, and a liberal advertising patronage will enable its proprietors to make it a first class paper.—[Oshkosh Democrat.

DIED,

In the Town of Randolph, Columbia County, deeply regretted by its inhabitants, JOSEPH KERR, Esq, one of its first settlers

CITY MATTERS.

Police Court—Jan. 30.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

The case of the City vs Jacob Kear charged with keeping a disorderly house, was called The City Attorney Mr Foote, examined the witness, and agreed to let the case remain open subject to the good behaviour of the defendant, costs to be paid by the defendant

A warrant was applied for in the forenoon, charging a man with stealing a grey mare of the value of one hundred dollars After questioning the applicant for some time, the Police Justice refused to grant the warrant, except upon the direction of the District Attorney The Applicant by a different statement to that made before the Police Justice obtained the warrant but in the ends of justice was entered by the District Attorney as soon as he became acquainted with the facts

NO NEWS FROM THE OLD BOAT —The captain and owner of the sloop *Ole Bull* which broke from her moorings and drifted out to sea several days ago has not found to that city, having searched about the south end of the lake, and as far north or the western shore of the lake as Michigan City We think that drifted out from Chicago in the same storm have since been heard from, having gone a hore near Michigan City If those vessels drifting from a point 90 miles south of this brought up from Michigan City, would not the *Ole Bull* have drifted in the same wind, to a point equi distant upon a parallel north of Michigan City as Milwaukee is north of Chicago?—We can hardly think the *Ole Bull* is yet lost, and would suggest to the owner 'don't give up the ship' until you have looked farther north

CLEAR THE SIDE WALKS —The storm being, to all appearance over householders and others should improve their time this morning to clear their side walks of the snow The City Marshal will be after all delinquents with a sharp stick

SNOW IN PARIS —The clouds dispersed yesterday morning the sun came out in all his glory and the cold air abated sensibly A little thaw will help the sunshine and prevent the snow from drifting

☞ The returns of all Agents of Foreign Fire Insurance Companies are invited to the notice contained in our columns, from the Treasurer of our Municipal Fire Department

ODD FELLOWS' PARTY —Old American give another choice dancing party at Concert Hall last evening The band was by Koch's band, and the supper was furnished by Smith & Spice — About a hundred couple were present to enjoy the dancing at festivities

CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.
AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to man kind than this constitution of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs Our space here will not permit us to put in any proportion of the cures effected by its use, but we would present the following, and refer further on query to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements
Office of Transportation, Laurens R R, S C, Aug 4, '53
DR J C AYER Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his physician informed me that every person visited him pronounced him a dead child Having used your CHERRY PECTORAL, in California, in the winter of 1850 for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain
Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a sad parent For the relief of the Throat and Lungs, I believe it is the best medicine extant A feeling of the deepest gratitude prompts me in addressing you these lines—but for your important discovery, my little boy would now have been in an early grave
I am yours, with great respect
J D POWELL Supt Trans, L R R
Rocky Hill, Somerset Co, N J, July 21, 18 2
DR J C AYER—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unmeasured praise by those who have used it and I know of some cases where it has done as any of it is and can say as for the good it has done I take pleasure in selling it, because I know that I am giving my customers the worth of their money and I feel gratified in seeing the benefit it confers
Please send me a further supply as I believe we Yours with respect JOHN C WHITLOCK
I S—Almost any number of certificates can be sent you if you wish it
Windsor, C W, June 26, 1855
DR J C AYER—Sir—This may certify that I have used your Cherry Pectoral on the upgrade of one year and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous affection of the lungs, and I do not entertain my cousin thinks where it will fail to give him a speedy relief Yours very respectfully,
D A MCGUFFIE, Attorney at Law
Wilkesbarre, Pa, Sept 28 1853
DR J C AYER—My dear Sir—Your medicine is much approved by those who have used it here, and its reputation is such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians Yours truly,
CHAS STREATER, M D
Prepared by Dr J C Ayer, Chemist, Lowell Mass
☞ Sold by HOPKINS & HYDE, BOSWORTH & SONS, and all the Milwaukee Druggists, and dealers generally

$250 REWARD!
WHEREAS, It is believed that the several fires which occurred on the nights of Tuesday and Wednesday of the present week, which have been so destructive of property over the Wards of this city, were the work of incendiary forces, by virtue of the Ordinance in such cases made and provided, I, Byron Kilbourn, Mayor of the City of Milwaukee, do hereby offer a reward of TWO HUNDRED AND FIFTY DOLLARS, to be paid by said city to any person or persons who shall give such information as will lead to the arrest and conviction of any person concerned in setting fire to any of the buildings, whereby any of the several buildings were destroyed, on either of said nights If more than one person was active in causing said fires, said reward is to be paid for the full amount for *each one* who may be convicted thereof In the person or persons furnishing the information leading to such arrest and conviction
And further more I hereby in like manner offer a reward of TWO HUNDRED DOLLARS to any person or persons who will give such information as will lead to the arrest and conviction of any person who has set fire to any house or building in the city since the 1st day of May of 1854, whereby such house or barn, or other buildings have been destroyed or seriously damaged
In testimony whereof, I have hereunto set my hand of office, this 5th day of January, 1855

ARRIVAL OF THE STEAMSHIP
AFRICA.
Breadstuffs Advanced.
Negotiations for Peace Progressing!
BUT NOTHING DEFINITE YET.
[PRIVATE DESPATCH FOR THE SENTINEL]
NEW YORK, Jan 30
Steamship *Africa* has arrived Flour and corn have advanced 6d Wheat 2d—Demand good—Consols advanced—money easy Negotiations progressing, but nothing definite known It is believed that the Czar is fooling the Allies.
F A A

Fire at Fort Erie.
Buffalo, Jan 30
Machine Shop of Buffalo and Brantford R R at Fort Erie, destroyed by fire this morning—Five Locomotives partially Loss about $36000
H

The Fire at Fort Erie--Snow Storm East.
[PRIVATE DESPATCH TO THE SENTINEL]
Buffalo, Jan 30
Loss by fire at Fort Erie will not exceed $25,000 It was undoubtedly the work of an incendiary Snowing hard here and trains all blocked up H.

Evening Despatch.
[EXCLUSIVELY FOR THE SENTINEL]
The Storm at Chicago—No Trains from Anywhere—Road all blocked up—Arrest of Counterfeiters.
Chicago, Jan 30.
The Snow Storm still continues Squalls of snow and wind took place all through sunday and yesterday, and altogether 18 inches of snow must have fallen in addition to what was already on the ground No trains on any road left this City yesterday, and none arrived—The Eastern mail will probably make a desperate attempt to leave this morning Intelligence was received here yesterday morning from Mr. Joy one of the passengers who were imprisoned in the snow bank on the Chicago and Mississippi road He had reached Bloomington, having walked 40 miles through the snow—nothing has been heard of any of the others.
The storm has put a stop to active business operations of every kind and our city never was so dull in a business way
LATER —The morning train which left Detroit yesterday morning, arrived at Mich City at day light We shall probably have Eastern mail during the day
On Sunday, our police succeeded in caging a nest of counterfeiters, amongst them were J R Gardiner, landlord of the New England House and Richardson, his bar keeper The examination was held yesterday, and resulted in the full commitment of Gardiner and Richardson, in default respectively of $1 600 bail

Later from Santa Fee.
Independence, Mo Jan. 26
The Santa Fee mail arrived here yesterday. The Indians have commenced depredations again The Muscalleras ran off four hundred of Major Russells cattle Troops started in pursuit of them and had followed them 200 miles into the White Mountains. A post is being established on the Pices, to protect the southern settlements. The Jacarillas and Apaches are far to the north and the Utahs are doing but little harm. Among the latter, the small pox was raging violently, and their chief had died of the disease.

The Snow in Waukegan.
Waukegan Jan 30th.
No cars yet—all bound up with snow, and the devil is to pay. G

Further by the Africa.
New York, Jan 30
The Africa arrived at Halifax this A. M., with regular dates
The America had arrived at Liverpool, and her advices had imparted a more buoyant tone to the Cotton market, and prices closed on the 19th at a slight advance.
The Manchester advices were without improvement. The previously reported decline in breadstuffs had been overcome, and the market closed on Friday, at 6d advance on flour over the rates current at the sailing of the Pacific
Wheat was firm but not active, at 2d above price per Pacific
Indian corn had also slightly improved during the week, closed at 6d per quarter above previous advances.
Consols closed at 91 ⅞.
War News entirely unimportant, nothing of a decisive character had occurred before Sebastopol and state of affairs was wholly unchanged
Negotiations are still in progress, but nothing certain is known respecting them
R. R. Accident—Ice in Ohio.
Portland, Maine Jan 29.
The morning train from this place for Bath, ran off the track just beyond Pennobscot River, in Falmouth The Engine was thrown down an embankment into a stream, carrying with it the engineer and fireman, who were both killed
Cincinnati, Jan 29
The River is full of heavy ice, and navigation is entirely suspended Eastern exchange 1 cent premium
Later From Havana—Shipwreck and Loss of Life.
Charleston, S C Jan 28
The Steamship Isabel arrived at this port this morning, with Havana and Key West dates to the 25th inst. The steamship Falcon was to leave Havana for New York about the 27th The steamer Eldorado sailed for Aspinwall on the 27th. Business was generally dull at Havana.—New sugars were more abundant, but there was no accumulation of stock. The demand for Spain being pretty brisk, the prices are ¼ higher now than on the 5th inst Molasses is sold at 3½ reals with a good prospect of a decline.
The U.S. steamship Princeton was still at Key West
Long Branch, N J, 30
The Bark Argyle of St. John's, N B came ash

CITY MATTERS.

Police Court—Jan. 30.

BEFORE CLINTON WALWORTH ESQ. POLICE JUSTICE

The case of the City vs Jacob Kear charged with keeping a disorderly house, was called The City Attorney Mr Foote, examined the witness es, and agreed to let the case remain open subject to the good behaviour of the defendant, costs to be paid by the defendant

A warrant was applied for in the forenoon, charging a man with stealing a grey mare of the value of one hundred dollars After questioning the applicant for some time, the Police Justice refused to grant the warrant, except upon the direction of the District Attorney The Applicant by a different statement to that made before the Police Justice obtained the warrant but in the ends a slight row was entered by the District Attorney as soon as he became acquainted with the facts

THE NEWS BOAT OLD BALL —The captain and owner of the sloop *Ole Ball* which broke from her moorings and drifted out to sea several days ago has returned to this city, having searched around the south end of the lake, and as far north on the western shore of the lake as Michigan City we about learning any thing about his vessel She reports that drifted out from Chicago in the same course have been heard from, having gone a little near Michigan City If the vessels drifting from a point 90 miles south of this brought up from Michigan City, would not the *Ole Ball* have drifted in the same wind, to a point equally as far north as a parallel north of Michigan City as Milwaukee is north of Chicago?—We can hardly think the *Ole Ball* is yet lost,and would suggest to the owner "don't give up the ship" until you have looked farther north

CLEAN THE WAY —The storm being, to a large extent over housekeepers and others should improve their time this morning to clear their side ways of the snow The City Marshal will be after all delinquents with a sharp stick

SUNBEAMS AGAIN —The clouds dispersed yesterday morning in the sun came out in all his glory and the world donned assembly A little thaw will help the sunbeams and prevent the snow from drifting

☞ The letter list of all Agents of Foreign Exchanges is received to the notice in our advertising columns, from the Treasurer of our Milwaukee Fire Department

OLD AMERICA —Old America gave an other choice dancing party at Concert Hall last evening Jones's quadrille party Koch's band, and the supper was furnished by Smith & Spice — About a hundred couples were present to enjoy the dancing festivities

AYER'S

CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS,
BRONCHITIS, WHOOPING-COUGH,
CROUP, ASTHMA, AND
CONSUMPTION.
AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to man kind than this constellation of Chemistry to the Healing Art A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicines or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto ravaged from our midst thousands and thousands every year Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on to cure the most dangerous affections of the lungs Our space here will not permit us to put in any proportion of the cures effected by its use, but we would present the following, and refer further on query to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements Office of Transportation, Laurence R R, S C, Aug 4, '53
DR J C AYER Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten and every person that visited him pronounced him a dead child Having used your Cherry Pectoral, in California, in the limits of Peru for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy I gave him a teaspoonful every three hours, commencing in the morning and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain
Rest in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent For all affections of the Throat and Lungs I believe it is the best medicine extant A feeling of the most grateful gratitude prompts me in addressing you these lines —but for your important discovery, my little boy would now have been in another world
I am yours, with great respect
J D POWELL Supt Trans, L R R
Rocky Hill, Somerset Co, N J, July 21, 18 2
DR J C AYER—Since your medicines has become known here it has a greater demand than any other cough remedy we have ever sold It is spoken of in terms of unbounded praise by those who have used it and I know of some cases where the most they can say of it is and how can it be for the good he has done I take pleasure in selling it, because I know that I am giving my customers the worth of their money and I feel gratified in seeing the benefit it confers
Please send me a further supply as I believe me
Yours with respect JOHN C WHITLOCK
J S—I almost any number of certificates can be sent you if you wish it
Windsor, C W, June 26, 1855
DR J C AYER—Sir —Take my car ify that I have used your Cherry Pectoral for a pulmonary affection of one year and it is my sincere belief that I should have been in my grave ere this time if I had not It has cured me of a dangerous cough of long standing, and I do not overstate my conclusions when I tell you it is a priceless remedy
Yours very respectfully,
D A MCCLURE, Attorney at Law
Wilkesbarre, Pa, Sept 28 1852
DR J C AYER—My dear Sir —Your medicine is much approved by those who have used it here, and its superior action in such as to insure and maintain its reputation I invariably recommend it for pulmonary affections, as do many of our principal physicians I am your friend,
CHAS STREATER, M D
Prepared by Dr J C Ayer, Chemist, Lowell Mass

$250 REWARD!
WHEREAS, It is believed that the several fires which occurred on the nights of Tuesday and Wednesday of the present week, which have been so destructive of property, were the work of incendiaries Now, therefore, by virtue of the ordinances in such cases made and provided, I, Byron Kilbourn, Mayor of the City of Milwaukee, do hereby offer a reward of TWO HUNDRED AND FIFTY DOLLARS, to be paid by said City to any person or persons who shall give such information as will lead to the arrest and conviction of any person concerned in setting or causing either of said fires, whereby any of the several buildings were destroyed, on either of said nights In case more than one person was acting in causing said fires, and reward is to be paid to the full amount for *each and every* such person convicted thereof, to the person or persons furnishing the information leading to such arrest and conviction
And furthermore I hereby in the manner offer a reward of TWO HUNDRED DOLLARS to any person or persons who will give such information as will lead to the arrest and conviction of any person who has set fire to any house or barn within the city during the past year of 1854, whereby such house or barn, or other buildings have been destroyed or seriously damaged
In testimony whereof, I have hereunto set my hand of office, this 5th day of January, 1855
jan8 BYRON KILBOURN, Mayor

ARRIVAL OF THE STEAMSHIP

AFRICA.

Breadstuffs Advanced.

Negotiations for Peace Progressing!

BUT NOTHING DEFINITE YET.

[PRIVATE DESPATCH FOR THE SENTINEL]

NEW YORK, Jan 30

Steamship *Africa* has arrived Flour and corn have advanced 6d Wheat 2d—Demand good—Consols advanced—money easy Negotiations progressing, but nothing definite known It is believed that the Czar is fooling the Allies.

F A. A

Fire at Fort Erie.

Buffalo, Jan 30

Machine Shop of Buffalo and Brantford R. R at Fort Erie, destroyed by fire this morning—Five Locomotives partially Lost about $36000
H

The Fire at Fort Erie--Snow Storm East.

[PRIVATE DESPATCH TO THE SENTINEL]

Buffalo, Jan 30

Loss by fire at Fort Erie will not exceed $25,000 It was undoubtedly the work of an incendiary Snowing hard here and trains all blocked up H.

Evening Despatch.

[EXCLUSIVELY FOR THE SENTINEL]

The Storm at Chicago—No Trains from Anywhere—Road all blocked up—Arrest of Counterfeiters.

Chicago, Jan 30.

The Snow Storm still continues Squalls of snow and wind took place all through sunday and yesterday, and altogether 18 inches of snow must have fallen in addition to what was already on the ground No trains on any road left this City yesterday, and none arrived—The Eastern mail will probably make a desperate attempt to leave this morning Intelligence was received here yesterday morning from Mr. Joy one of the passengers who were imprisoned in the snow bank on the Chicago and Mississippi road He had reached Bloomington, having walked 40 miles through the snow—nothing has been heard of any of the others.

The storm has put a stop to active business, operations of every kind and our city never was so dull in a business way

LATER—The morning train which left Detroit yesterday morning, arrived at Mich City at day light We shall probably have Eastern mail during the day

On Sunday, our police succeeded in capturing a nest of counterfeiters, amongst them were J R Gardiner, landlord of the New England House and Richardson, his bar keeper The examination was held yesterday, and resulted in the full commitment of Gardiner and Richardson, in default respectively of $1 600 bail

Later from Santa Fee.

Independence, Mo Jan. 26

The Santa Fee mail arrived here yesterday. The Indians have commenced depredations again The Muscalleros ran off four hundred of Major Russells cattle Troops started in pursuit of them and had followed them 200 miles into the White Mountains. A post is being established on the Pecos, to protect the southern settlements. The Jacarillas and Apaches are far to the north and the Utahs are doing but little harm. Among the latter, the small pox was raging violently, and their chief had died of the disease.

The Snow in Waukegan.

Waukegan Jan 30th.

No cars yet—all bound up with snow, and the devil is to pay. G

Further by the Africa.

New York, Jan 30

The Africa arrived at Halifax this A. M., with regular dates

The America had arrived at Liverpool, and her advices had imparted a more buoyant tone to the Cotton market, and prices closed on the 19th at a slight advance.

The Manchester advices were without improvement. The previously reported decline in breadstuffs had been overcome, and the market closed on Friday, at 6d advance on flour over the rates current at the sailing of the Pacific

Wheat was firm but not active, at 2d above price per Pacific

Indian corn had also slightly improved during the week, closed at 6d per quarter above previous advances.

Consols closed at 91 ⅞.

War News entirely unimportant, nothing of a decisive character had occurred before Sebastopol and state of affairs was wholly unchanged

Negotiations are still in progress, but nothing certain is known respecting them

R. R. Accident—Ice in Ohio.

Portland, Maine Jan 29.

The morning train from this place for Bath, ran off the track just beyond Pennobscot River, in Falmouth The Engine was thrown down an embankment into a stream, carrying with it the engineer and fireman, who were both killed

Cincinnati, Jan 29

The River is full of heavy ice, and navigation is entirely suspended Eastern exchange 1 cent premium

Later From Havana—Shipwreck and Loss of Life.

Charleston, S C Jan 28

The Steamship Isabel arrived at this port this morning, with Havana and Key West dates to the 25th inst. The steamship Falcon was to leave Havana for New York about the 27th The steamer Eldorado sailed for Aspinwall on the 27th. Business was generally dull at Havana.—New sugars were more abundant, but there was no accumulation of stock. The demand for Spain being pretty brisk, the prices are ¼ higher now than on the 5th inst Molasses is sold at 3½ reals with a good prospect of a decline.

The U. S. steamship Princeton was still at Key West

Long Branch, N J, 30

The Bark Argyle of St; Johns, N B came ashore 5 miles south of Lonare Inlet, on the night of the 28th inst. She is going to pieces fast.

The life saving apparatus is on the beach, but cannot be rendered effective; one man has reached the beach in safety, and five have been drowned and five others are clinging to the bowsprit She was loaded with pig iron

Later from California—King of the Sandwich Islands Dead.

New Orleans, Jan. 27

The Steamship *Daniel Webster* has arrived here from San Juan, with California dates to the 9th.

The steamship *Uncle Sam* arrived at San Juan, with $800 000 in treasure and 200 passengers.

The Legislature of California had been duly organized and the 10th inst was fixed for the election of U S Senator The Governor's Message had been submitted and exhibited a flattering state of
